

Long Walk January 2023

The Heligan to Mevagissey walk 11th January 2023 - A figure of eight walk of just over 7 miles. Heligan - Mevagissey - Portmellon.

Despite a somewhat dubious weather forecast, 9 intrepid walkers, plus four 4-legged companions turned up for the walk.

The weather gods were kind to us, we literally had a few spots of rain when we arrived back in Mevagissey, and a few drops when we arrived back in the car park at Heligan.

Starting from Heligan we walked down to Heligan Mill and along the valley to Mevagissey. After a steep climb up from the harbour we were rewarded with wonderful views over Mevagissey and beyond.

Following the road to Portmellon we then walked across fields and woodland towards Galowras Mill (encountering some mud along the way) before returning to Portmellon on the opposite side of the valley. Walking back up the valley to Heligan we took a steep but attractive sunken path up towards the campsite and back to the carpark.
