Millpool

The weather gods smiled on the long walks group for the walk on Millpool firing range

7 members completed an 8k circular walk on beautiful moorland. A detour to take in the far reaching views from St Bellarmins Tor, passing by a well preserved row of standing stones. We stopped for lunch by the abandoned Glynn Valley China clay works before returning via the well preserved Bury castle. Dogs and people all enjoyed the day, the views as well as the wildlife.
